ตอบประธานสหภาพวิทยาศาสตร์ทางดินนานาชาติ

His Excellency Prof. Prof. h.c. Dr. Dr. h.c. Rainer Horn,
President of the International Union of Soil Science,
Kiel.

I wish to express to Your Excellency and, through you, to Professor Dr. Rattan Lal, the President Elect as well as Professor Dr. Jae Yang, the Past President of the International Union of Soil Science, my sincere appreciation for your message of condolences extended to Her Majesty Queen Sirikit and the Royal Family on the passing of His Majesty King Bhumibol Adulyadej. We are deeply grateful for your kind words of condolences and sympathy during this time of sorrow and bereavement.

Sustainable soil management was a cause that His Majesty King Bhumibol Adulyadej had devoted much effort throughout His life in order to improve the livelihood of His subjects. The people of Thailand are truly proud that the international community has chosen to recognize the 5th of December, His Majesty King Bhumibol Adulyadej's Birthday, each year as World Soil Day.

I look forward to the continuing cooperation between the Kingdom of Thailand and the International Union of Soil Sciences, not only to help address global challenges and achieve sustainable development, but also to portray a fitting tribute to the legacy of His Majesty King Bhumibol Adulyadej, Thailand's Development King.

(M.R.) Maha Vajiralongkorn R.
