

2018 ESSC International Conference
Imola (Italy), 6-8 June 2018

Soil and Water Security

challenges for the next 30 years!

To celebrate 30 years of activities the ESSC is organizing the SoWaSe-ESSC International Conference on ***'Soil and Water Security: Challenges for the next 30 years!'***

The Conference will be celebrated in Imola (Italy) from 6-8 June 2018. The objective is to stimulate reflections on the importance of environmental resources for humankind, paying special attention to the new challenges and opportunities concerning Soil and Water Security and Conservation for the next 30 years.

The Conference is open to soil scientists, educators and policy-makers. It will consist of invited lectures, scientific session with oral and poster presentation, and will be subdivided into four main topics.

We are confident that the 2018 International Conference of the European Society for Soil Conservation will be a great and memorable event!

We look forward to seeing you in Imola!

Carmelo Dazzi
President of ESSC

Livia Vittori Antisari
President of the Organizing Committee

Scientific Sessions

The scientific topics of the 2018 ESSC International Conference are organized into the following main sessions:

- Soil degradation and food security: learning from the past to foresee the future.
- Soil functions monitoring and safeguard.
- Soil and water management in a changing environment.
- Smart agriculture: prediction for the next 30 years.

The proceedings of the conference could be published on EQA - International Journal of Environmental Quality, an impacted journal published by the University of Bologna, see (<https://eqa.unibo.it/>)
