

**International Workshop on Archaeological Soil Micromorphology,
Brussels (Belgium), 1st to 3rd August 2018**

First Circular

Dear friends and colleagues,

We are happy to announce that the next annual Workshop of the Working Group on Archaeological Soil Micromorphology will be held at the Université Libre de Bruxelles from the 1st to the 3rd August 2018.

The workshop will follow the tradition of the previous workshops: an informal meeting where participants are invited to bring their thin sections and where microscopy time and the exchange of ideas and experience prevail. For this purpose two rooms with altogether 18 microscopes will be available. To assure sufficient microscopy time, there will be no oral presentation sessions. Instead we will organise a poster session.

The workshop is organised by the Centre de Recherches en Archéologie et Patrimoine, (Université Libre de Bruxelles) and the Department of Archaeology of the Vrije Universiteit Brussel, with support from the Brussels Capital Region and the Department of Earth and Environmental Sciences (Université Libre de Bruxelles).

Registration and expression of interest:

If you wish to attend the workshop, we ask you to send an expression of interest (see attached form) before the 15th of May 2018.

If you have any specific questions, do not hesitate to contact us at yadevos@ulb.ac.be or luc.vrydaghs@yahoo.co.uk.

Looking forward to meet you in Brussels this summer,

The organising committee,

Yannick Devos, Luc Vrydaghs, Barbora Wouters & Arnald Puy
